

Quality medical imaging doesn't have to be expensive.

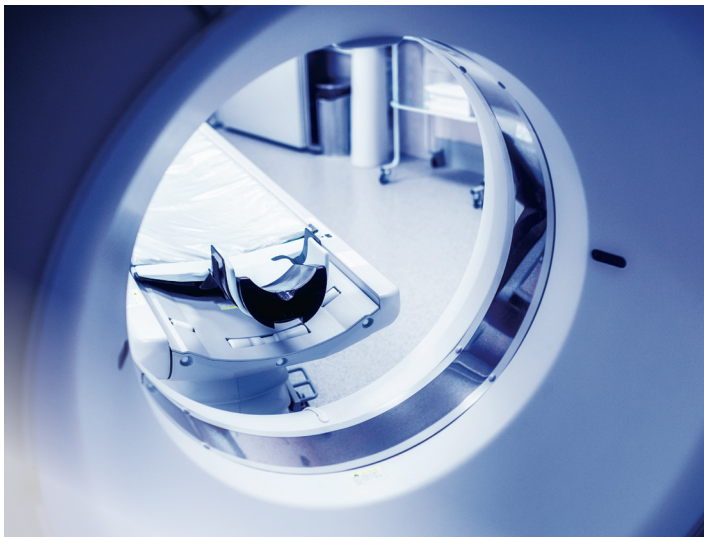

Through a dedicated, patient-centered approach to medical imaging, Green Imaging provides a national network of imaging facilities accessible to employer health plans. With over 5,000 facilities located in 50 states, we are here to serve your employees and their families.

We offer a fee-for-service model, meaning you only pay when you use our services. It's that easy.

At Green Imaging we primarily contract with free-standing imaging facilities, earning 4.8 Google stars for outstanding service. As we are radiologist-owned and operated, we eliminate middlemen and pass the resultant savings back to the employers.

Green Imaging is dedicated to providing easy, affordable medical imaging. We work directly with patients and navigator teams to help speed the healthcare journey. The future of affordable diagnostic radiology is here.

Working with Green Imaging

Many employers, TPAs, Brokers, and Providers share our mission to make medical imaging easy and affordable to all. Employers typically offer Green Imaging at \$0 out-of-pocket.

With our \$0 out-of-pocket model, we will verify the patient's eligibility and schedule them. Once the exam is completed, the report goes to the referring physician and we submit the invoice or claim. Highlights include:

	\$0 out-of-pocket model
Scheduling available at over 5,000+ imaging facilities across the U.S.	✓
Transparent and bundled pricing	✓
Radiologist Protocols	✓
Eligibility	Confirmed through portal, census, clearing-house, etc.
Billing	Electronic submission of claims via 837 or claims level invoice
Reporting	Claims level detail in addition to usage and savings analysis

We can help you get started in your evaluation of Green Imaging as a solution.

A client's decision is driven by access and cost. To help with that, we have built analytics tools to perform geo and claims analyses for you. Here is a link to our [claims data analysis template](#). Send your deidentified census that includes number of members in each zip code to support@greenimaging.net.

Learn more about our process and the patient journey. [Link to our member deck/overview here.](#)

Ready to move forward? Tell us more about your group. [Here is a link to our implementation form.](#) This will shape your workflow with Green Imaging and determine where we may need to discuss ways to optimize workflow for all.

Our implementation process is designed to bring groups in efficiently and effectively. Here are the key steps before going live. Our go-live timeline is largely driven by client size and corporate complexity ranging from a couple of weeks to a few months.

Green Imaging High Level Go-Live Checklist	
Workflow	Completion Date
Geo and claims analysis performed and reviewed	
Detailed Go-Live Checklist	
Implementation form	
Contract reviewed and signed	
Member marketing materials—can be customized	
As needed—Kick off meeting with HR teams (materials for members)	
Review and test eligibility, claims submission and payment processes	
Go Live	

We'd love to assist you and your team. Visit our website to check our Google ratings to better understand how we impact members' experiences and their healthcare journey.

Let us help you get started.
